Dear Engineer,

I am pleased to inform you that the members of the Editorial Board of “Ingegneria Ferroviaria” expressed the willingness to honour the memory of the colleague Giacomo ΚΑΙΟΝ by assigning a “*una tantum*” award to the best article in the field of theoretical and /or experimental track dynamics.

The published articles have been analyzed by the Editorial Board and, among them, it was selected “Noise and vibration evaluation of a floating slab in direct fixation turnouts in “Haidari & Anthoupoli Extensions” of Athens metro lines 2 and 3” appeared in the June 2012 issue, which you prepared in cooperation with Patrick CARELS and Koen OPHALFFENS.

I congratulate for your award and will inform you about date and location of the awards ceremony during CIFI annual event.

My best regards and wishes for a fruitful collaboration in the future.

*The General Secretary  
(Dott. Ing. Luigi MORISI)*
